What is their relation to you?

****Please attach photos of your property, shelter, fencing and current horses, donkey, or mule etc.. If we do not receive these items, we will not be able to further review your application.**

****We do not adopt to first time horse owners.**

****Barbed wire fencing is not safe or sufficient for horses and therefore will not be an acceptable fencing option for any potential adopters.**

****Each adopted equine will come with a current Coggins and their vaccination records.**

****Upon pick up of your adopted equine, you will need a halter and lead rope as one will not be provided to the adopter. If you do not have a halter or lead rope at the time of the pickup, we will require a **\$40 nonrefundable** fee that will provide you with the adopted horses current halter and lead rope. This fee is to ensure that we are able to purchase another set for our rescue to keep on hand and utilize with any other horse in need. You will not be able to leave the premises with the adopted equine without both a halter and lead rope for safety and security purposes.**

****Health Certificates are not required for Florida equine adoptions or Florida travel in state. If a health certificate is required for boarding, transportation or any other personal reasons, all associated fees for Tiny Acres NWFL, Inc to acquire said health certificate, to include a special farm call fee will be at the adopter's expense.**

****If transportation is required for your adopted equine, all associated costs fall under the responsibility of the adopter.**

****We do provide transporting services, as availability permits within a **60 (sixty) mile** radius at the national average transporting costs of **\$2.55 per mile** to include round trip.**
